

Layers of the Atmosphere Study

Name: \_\_\_\_\_

1. How many layers does the atmosphere have?
2. What is the name of the highest layer?
3. What is the name of the atmosphere where the clouds are?
4. Do the different layers have different temperatures?      Y   N
5. We live in the troposphere.      Y   N
6. Jets fly in the mesosphere?      Y   N
7. All layers are the same thickness?      Y   N
8. The thickest layer is the thermosphere.      Y   N
9. The correct order for the layers is: Exosphere, Troposphere, Stratosphere, Thermosphere, and Mesosphere?      Y   N
