

Informative/Explanatory Science Writing Prompt

First, brainstorm as many SCIENCE topics that you know well enough to write about for 15 minutes.

- 1.
- 2.
- 3.
- 4.
- 5.
- 6.
- 7.
- 8.
- 9.
- 10.

Next, look over the list and select ONE topic to write about.

Stay focused on the topic for the duration of the writing.

Write about the topic giving facts, examples, attributes, or other details.

DO NOT write about your opinions, feelings, hopes, judgments, etc.

This is an informative/explanatory writing, so use formal language.
