

Name \_\_\_\_\_

# The Water Cycle

Directions: Identify the locations where water is found on Earth and the transfer process for how water moves in the water cycle.

- |          |                 |
|----------|-----------------|
| A. _____ | H. _____        |
| B. _____ | I. <i>Ocean</i> |
| C. _____ | J. _____        |
| D. _____ | K. _____        |
| E. _____ | L. _____        |
| F. _____ | M. _____        |
| G. _____ |                 |

Use the following words to fill in the drawing:

- |                     |                    |                 |
|---------------------|--------------------|-----------------|
| Atmosphere / clouds | Infiltration       | Rivers / Stream |
| Condensation        | Icecaps / glaciers | Runoff          |
| Evaporation         | Lake               | Sublimation     |
| Ground water        | Precipitation      | Transpiration   |
